Bio

I have been blessed to be a part of the University-Model School (UMS) movement for the past 18 years as a co-founder of Kingdom Prep, former board chairman, and now the headmaster. My wife, Dana, and I first learned of the UMS in the fall of 1999 when our daughter, who is now 24, was in the first grade. At that moment in my life, the Lord began to prompt me in a number of areas regarding what His plans were for our children's education, as well as His plans for my career. In January of 2000, Dana and I visited the first UMS, Grace Prep, along with its founders, and I have been passionate about this model of education ever since. To make a long and VERY adventurous story short, I left my career as a healthcare executive in August 2008 to pursue my life's calling as a school administrator. My educational background includes a Bachelor's degree in Finance, a Master's degree in Business & Education, and I am currently finishing a Doctorate degree in Education. My life has been impacted dramatically by the formation and continued development of Kingdom Prep. I am extremely thankful for the opportunity that I have to serve on a daily basis in the many varied capacities at KPA. Go Warriors!
